Demonstration of
Rengo Belt

Corsets

Will Be Continued

Another Week

Miss Anderson, of New York, an expert corsetiere, is in charge of this demonstration. She is here to explain and show you the several points about the Rengo Belt that make them different and better than other corsets that retail at the same price.

These corsets conform to all the latest requirements of fashion, and some of the models are especially designed for stout figures, and it has no equal as an abdomen reducer. There are models also for the medium stout and the slender figures which give the graceful and modish swing to the gown. The corset is the foundation. No matter how much you pay for your gown, unless it is fitted over the corset suitable to your individual figure you do not get the desired result. Now is the time to visit the Thalhimers Store and consult Miss Anderson, and have her fit you in the Rengo Belt Corset that is suitable for your individual figure before purchasing your spring gown. Thus end all your troubles. These Corsets can be had for **\$2.00, \$3.00 and \$5.00**
